## Family Fun Night This Saturday

Don't forget the Grayling PTA's Family Fun Night is this Saturday, April 10th. The High School gym will be the center of attention in Grayling that evening. This will mark the Third Family Fun Night that the PTA has sponsored.

The event combines family recreation with school activities in a unique manner which provides funds to carry out some of the projects of the organization.

The beginning of Grayling's foreign exchange student program was made possible by this means, proceeds from the event have gone to provide an instrument for the band, jackets for the Ski team, books for the Elementary School library, as well as contributing yearly to the exchange student program.

CURRENT sponsoring of local Cub Scout Pack will be made possible with the proceeds from this event. It is estimated that 75% will be used towards the purchase of new uniforms for the Grayling High Band.

The committee in charge of the Fun Night suggests that this year's event be made a record-breaking one. To accomplish this should be easy, assuming parents are willing to devote a portion of their time to share an evening of fun with their children.

ANY PARENTS willing to assist, who have not previously been contacted, please call 348-3846 or volunteer your assistance thereby assuring continued success of this event.

## April 5th Lily Day

The story behind the perky white paper lilies worn in the lapels of millions of Americans every Easter season is one that will make any giver feel good. For it is a story of human courage and conquest of handicaps by women and men who once were dependent cripples. The income benefits not only the makers, but thousands of other crippled children and adults as well.

"The flowers are made by handicapped workers in a number of states, two of which supply many lilies."

Sale of the miniature lilies is a feature of Lily Days throughout the nation during the annual Easter Seal Campaign, which this year began March 10 and continues until April 18, Easter Sunday.

## Two Deer Shot While At Feeders

During the night last Sunday, two adult doe deer were shot to death while eating at the feeders located on M-72 west of Grayling and maintained by the Grayling Sportsman's Club. Conservation Officer Clarence Roberts reported Monday.

Neither deer was taken and one was shot while its head was right in the feeder. Evidence points to the shots being made from a car which stopped on the shoulder of the road by the feeding area.

Five other deer have been killed by cars during the winter on M-72 in the feeding area. Officer Roberts stated that some thought should probably be given next winter to a relocation of the feeders to get the animals away from the danger of highway traffic and also from the senseless shooting which can easily be done in the present situation.

## Woman's Club

Women's Club met Monday evening at President Mrs. Ruth Fenton's home for the annual Easter program.

Glorious buildings of England such as cathedrals and colleges also had their part in shaping the destiny of the men who became great.

Scenes in France and the Netherlands followed, the church in each country having stood the test of the ages.

Mrs. Bud Gould told of plans for a Women's Club coffee day for the Traverse City State Hospital Tri Faith Chapel at the club house to be held in April. This is to raise money for their club pledge. The time, date and other details will be announced later.

For a period of a few days before your donation it would be helpful to maintain a well balanced diet especially in iron rich foods.

## AMAZING MEDICINE

### Hospitals Find Many Uses for Blood

The blood flowing in your veins is today's most amazing medicine. It has become a miracle worker, newer in some respects than penicillin. Blood already does more life-saving than any one of our wonder drugs.

Even so, we have just begun to penetrate its warm mystery and to discover how to use blood to save lives, fight diseases and maintain normal health.

Many Uses for Blood  
Blood and medicines made from blood are working already as jacks-of-all-trades. If, on a single day, you looked in upon the hospitals in one large city, here is what you might see.

In the hospital accident ward, a quick injection of a clear liquid, which is human serum albumin made from blood, will save a man dying of shock.

In the delivery room, a newborn baby may be given a complete new blood supply which will halt a possibly fatal battle with incompatible antibodies in his blood.

OVER in the children's ward, the youngsters with rheumatic fever get injections of gamma globulin, a blood fraction, to save them from a serious bout of measles. A boy with hemophilia, a bleeding disease, comes in for a dose of still another blood product, fresh frozen plasma. This boy, who could die of prolonged bleeding from a simple scratch, will soon have a safe operation to remove diseased teeth.

In a ward bed an elderly man will receive 12 units of blood to pull him through a dangerous operation.

These are just a few of the common, everyday uses of blood in any large hospital.

One hundred and twenty-six units of blood were used at Mercy Hospital during the first quarter of 1965, 141 through April 6th, collected through the local Red Cross program.

## Sophomore Play, Art Exhibit Well Done

A most professional presentation of the play "Jane Eyre" by Wall Spence was performed by members of the Sophomore Class at Grayling High School on Friday evening, the second of April. Those who were unable to attend missed an excellent rendition of this well-known classic. The parts were played with such poise and aptitude it was hard to believe that those depicting the roles were sophomores. These young people were terrific. They knew their parts well and played them to the utmost.

The entire action of the play takes place in the drawing room of Thornfield Hall in 1850 England. The set was most realistic and the costuming and make-up tastefully done.

In the leading role was Nancy Knibbs as Jane, governess at Thornfield. Robert Jackson portrayed Edward Rochester, owner of the Hall, and Lynn Elsey Mrs. Rochester, his housekeeper. Nancy Dykema played Adele Varens, Mr. Rochester's ward, whom Miss Eyre had been hired to teach. Janice Beery portrayed Bertha Rochester, Edward's insane wife and Elva Ward, Grace Poole, her nurse.

Mary Hirvela was Bessie, an old friend of Jane's who paid her a visit at the hall. Janet McIntosh was Nora, the maid. Others were Vicki Wells as dowager Lady Ingram and her daughters, Maggy, Joseph as Lady Mary and Karen Wedge as Lady Blanche, who were husband-hunting; Mike Worden as Richard Mason, Bertha's brother; Billie Bovee as the fortune teller; Steve Englund as Doctor Carter and Howard Madsen as Sir Wilfred Lynn, guests at the hall; and Jon MacLeod as the Rev. John Rivers who hoped Jane would marry him and join him in his missionary work.

BEHIND THE scenes helping to make the play a success were Gayle Feldhauser, Student Director, Terry Frinkle and Judy Smith, Promoters; Bruce Feldhauser, Stage Manager; Libby Kipp, Business Manager; Donna Hoffman, Programs; Dave Nethers, Barry Holmes and Mark Jurkovich, Backstage; Walt Isenbauer, Walt Neilson, Mickey Stillwagon, Jerry Millikin, George Stephan, Gary Vallad, Ron Lovell and Bob Wyman, Stage Design Crew; Bob Cinciala, Lights and Sound; Mike Roper, Curtains; Carol Miller, Tickets and Karen Anthony, Gretchen Hoffman, Marilyn Houle, Jean Neilson and Kary Wakeley, Make-up.

Dane Madsen, Pat Thompson, Dale Sussner, Steve DuBois and Mike Palmer were ushers at the play.

Providing inspiration, motivation and training were Carl Minor, play director, Garrett Bufo, scene designer, Franklin Smith, class advisor and Mrs. Jean Compton, costume and make-up advisor.

The entire production represents a great deal of effort on the part of all involved and in our opinion was a tremendous success.

Along with the play, the work of the art students of Mr. Garrett Bufo's classes, was on display in the mezzanine of the gym.

Art classes were begun in the school's 1963-64 term and in this short training time exceptional talent has been shown. The entire foyer was filled with many examples of paintings as well as pottery and other kinds of creative art.

Just getting the display ready entailed many hours of work. Grayling can certainly be proud of these young people and their accomplishments and the instructors who train them.

## RABIES IN MAN

Rabies is communicated to man by the saliva of rabid dogs. One of the characteristics of a rapid dog is that they wander aimlessly and attack everything they see, in silence. The incubation period varies from 10 days to two years with the average being six weeks to three months. The rabies virus travels through the peripheral nerves to the spinal column and on to the brain. The patient becomes restless, inarticulate, sleepless, feverish and excitable. The patient has trouble breathing, is extremely thirsty but can not swallow, only choke. The patient suffers spasms of excruciating pain. After two or three days of this, he succumbs to death either in paroxysm or choking or exhaustion. Only the symptoms can be treated.

## IS IT TAXABLE

All amounts paid to you as compensation for personal services must be included in your gross income. Therefore, you must report wages, salaries, commissions, tips and other fees received. Sometimes payment is made in the form of goods or services provided, rather than in the form of money. In such cases, the fair market value of such goods and services must be shown as income on your income tax return. The value of meals and lodgings you might receive are not income if furnished on the employer's premises, and are for his convenience.

An individual who receives wages or salary from an employer must have a Form W-2 attached to the return. An individual who has more than one employer may have more than \$174 of Social Security tax withheld from his pay. If so, this excess is allowed as additional income tax withheld when filing the return.

The instruction books prepared by the Internal Revenue Service gives the average taxpayer the necessary help to properly prepare his income tax return. You are urged to first read the instructions, then start preparing your return. If a question arises, telephone your local Internal Revenue Service office for the answer.

## PONY TALES

By Janet Olson

A sudden change of weather is one of the hardest things your ponies must endure. It isn't unusual to have the temp. drop fifteen or twenty degrees in the night only to have a bright sun by afternoon. You may some day find your pony in real distress. He may be covered with sweat, paw the ground and point with a hind foot towards his abdomen. It he has reached the point of rolling on the ground you are indeed in trouble and have a sick pony who needs attention now.

Call your Veterinarian right away. While you are waiting for him to arrive give your pony mineral oil. The kind that people use is alright, however a lighter oil is better. I will assume that the regular oil is what you are going to give. Give at least half a gallon. The oil won't start to come through for at least an hour or two as it must seep into an impaction and loosen the fragments so that they can move down the intestinal tract. You must stay with a sick pony, try to act calm and reassuring. Talk to him and stroke him. Above all don't let your pony lie down. Keeping him on his feet is very important. A certain amount of walking may relieve some of his discomfort, but it is not necessary to keep him walking as long as he stays on his feet. Your Vet may recommend a colic medicine and a tranquilizer. Sparine and Janitone are both very good but must be gotten through your Veterinarian.

One of the causes of colic, this time of year is that your pony isn't drinking enough water. If your water tank is opened it may freeze and make it impossible for your pony to drink the water he should. Water is as important to your pony as food even in the winter and you must see to it that he is drinking a proper amount.

## U. S. To Get \$1,184,000 In Taxes Locally

(Special to the Avalanche)

New York — With April 15th just around the corner, taxpayers in Crawford County are preparing to make their peace with Uncle Sam.

What will be the price of this peace? Just about what it was last April, despite the tax cut that was voted a year ago and despite the lower rates that are now in effect.

The answer is that incomes have risen since that time to the point where the taxes on the larger incomes, even at the reduced rates, will be even greater, in many instances, than they were before.

This is indicated on a national scale in the Federal budget, which lists the expected receipts from individual income taxes at \$47.0 billion this year, or only 3.5 percent less than in 1964.

In some parts of the country and with some families, the change will be more than this and, in others, less. Overall income is the determining factor.

LAST YEAR, payments of individual taxes by residents of Crawford County came to approximately \$1,079,000, according to a breakdown of the statewide returns reported by the Internal Revenue Service. Included is what was paid in the form of withholding taxes.

Local residents, as a result, contributed 0.04 percent of the taxes collected in the State of Michigan as a whole, which amounted to \$2,697,000,000.

Because of the changed situation since that time, the returns from the local area this year, based on preliminary earnings reports, are expected to be in the neighborhood of \$1,184,000, a rise of \$105,000.

The tax rates that went into effect in 1964 after the reductions, when they dropped to a range of 16 to 77 percent on personal income, went down still further on January 1, 1965. The range now is from 14 to 70 percent.

Despite this additional cut in rates, which will apply to income received this year, the Administration estimates that tax receipts from individuals will rise by \$1.2 billion in the coming fiscal year.

It counts on a continued expansion of the economy, duplicating the achievements of 1964, when the gross national product rose 6.5 percent to a total of \$223 billion.

of pornographic literature seems to be on the increase in regard to its availability to the minds and emotions of impressionable youth. I am particularly concerned about those magazines and sensationalistic tabloids that associate sex with violence in a pseudo-dramatic style.

The distorted values and the self-centered wish fulfillment that is expressed in this literature can have and does have a profound and disturbing influence on those children and teenagers, who, out of a normal curiosity, may seek for further information about sex, marriage, etc. by perusal of pornographic literature locally displayed in business establishments.

Sex education and information without the inculcation of wholesome values and guidelines can create an emotional volcano.

The community of Grayling is concerned, I believe, about making quality reading matter available to her youth — the support for the new library is evidence of this interest. Yet, we have permitted, ironically so, pornographic literature to be visually displayed and easily available in such benign places as grocery stores, drug stores, etc.

I include my voice with others in the community; there is a need for a moral decision to be made on the part of all of us — merchant and consumer alike — if we are to remove this disturbing influence from our community.

Let us act now.

Independent front suspension takes the "truck" out of truck ride. It smooths rough roads, protects truck, driver and cargo from excessive jolting. And on Chevrolet pickups it's a proved system with millions of miles of user experience behind it. Try it out on one of Chevrolet's great Fleetside or Stepside pickups. It's one of the big reasons that Chevrolet is first choice with pickup users from coast to coast.

Guest Garrett Bufe asked the Board for ideas on a slogan for the community. His art class is doing the posters for Michigan Week. Many suggestions were offered. Rev. Smith presented the idea of using "Jack Pine Country" as a slogan.

## Second Step Needed

The underlying concept behind our public assistance program is praiseworthy. Basically, it is this: That when individuals, gripped by the force of circumstance, are unable to sustain and care for themselves it is the duty of society, using public funds, to provide subsistence and necessary aid and to attempt to return them to productive, independent lives.

Unhappily, the ideal and the reality are far apart. Public assistance, because of wide-spread abuses, has become a dark problem throughout the country. Its cost is enormous and growing — not only in dollars, but in social and individual human values.

The March issue of The Reader's Digest carries a revealing article on the subject, written by Earl and Anne Selby under the title "Why the Dole Doesn't Work". They state their premise in these words: "We dole out money to our unfortunates so that they can keep body and soul together. But then we fail to follow through. We do very little to lift these people out of a dependency which too often leads to chronic indolence and hopelessness, and frequently to depravity. A relief system intended as an emergency crutch for citizens in need has become a permanent way of life for millions."

The Selbys cite cases. They tell of a grandmother, a mother and a 14-year-old girl, all made pregnant by the same man — welfare supports them and the illegitimate children. A woman petitions to divorce her husband — simply because then she can go on welfare and receive more money. A reliever with 10 children whose income when working was \$220 a month was allowed \$495 when going on welfare. If he works again, welfare will make up any difference between what he earns and the \$495 figure. Thus, as the Selbys observe, the system "becomes essentially a guarantee of an annual minimum wage."

The authors report that about one American in 24 now receives some form of public assistance — not including those drawing unemployment compensation and certain other benefits — and that the welfare bill totals \$5.5 billion a year. And numbers of families make a career of welfare, for generation after generation. The influence on children is especially disheartening. Three million of them live in homes supported by relief and, write the Selbys, "The danger is that they may come to believe that personal standards of achievement and integrity are of no importance, because no matter what — illiteracy, drunkenness, pregnancy out of wedlock, crime — there's always a welfare check."

There is no pat solution. But there are hopeful signs. The Selbys quote an authority in social work as saying: "A most notable aspect of the public-assistance programs in the United States today is the dissatisfaction expressed toward them by all parties concerned. It is hardly possible to exaggerate the extent and depth of this dissatisfaction." The Selbys conclude, "Awareness that reform is needed is the first step toward any reform."

## BIG BRADFORD LAKE

Mrs. Frank Midkiff

Mrs. Vernie Hubbell of Kewaden spent Tuesday, March 30 visiting with Mrs. Frank Midkiff and Donnie. She was surprised to see we had so much snow yet as the ground is bare there.

Airman 1st class Robert Midkiff arrived home Saturday night to spend a couple of weeks with his parents and brother, the Frank Midkiffs and Donnie. After his leave he is to report to an Air Base in California to be sent overseas.

The Bradford Lake Study Group meeting usually held the first Wednesday of the month has been postponed until Wednesday, April 7th as the hostess Mrs. Kenneth Reed is away visiting relatives.

The Percil Alexanders and son Jim of Ypsilanti stopped for a couple of hours' visit with Frank Midkiffs and Donnie on their way home from their farm near Petoskey. They came up to see how it stood the winter and found a lot of snow still around.

No robins yet but there were about ten blue jays out here last week. Have fed up to four but never saw this many at any time. They sure do make a lot of noise.

Mrs. Harry McEvers of Grayling took Mrs. Geo. Worthey and Mrs. Marius Rogalle out to dinner Sunday to celebrate the birthday of Mrs. Worthey which was April 3rd. Mrs. Worthey is Mrs. McEvers' and Mrs. Rogalle's mother.

The Fred Wilsons Jr., of Flint were up over the weekend to visit their parents Mr. and Mrs. Fred Wilson Sr., and the Rev. and Mrs. Peter Porta and family of Waters. Also visiting over the weekend were Mr. and Mrs. Eugene Wilson and family of Carlton. Sunday they celebrated Steven's 11th birthday.

## BITS O' TALK

Mr. and Mrs. Robert Jensen and family of Lathrop Village in Detroit visited his parents, Mr. and Mrs. William Jensen, weekend before last. His mother had just returned home from Mercy Hospital. The Jensens had word from their son Don and wife at Aspen, Colo., that between Sundays at the end of March there had been a total of five feet of snowfall.

Attending the services for Matt Edson in Frankford Wednesday of last week were Mrs. Ivah Curle, Mrs. Thomas Robertson, Mrs. Ruth Caid, Arthur Thayer, Robert Klein, and Mr. and Mrs. Rex Hawkins.

Bobby Miller spent the weekend with his father Robert Miller in Flint.

### Moose Lodge Activities

Saturday, April 3rd was election day. Those elected to office for the coming year and taking office on May 1st, were: Governor, Clarence Pemberton; Jr. Gov. Don Bancroft; Prelate Ray Carrick; 3-year Trustee, Dick Johnson; Treasurer, Bob Welsh. Installation of officers will be Friday, April 30th at 8 p. m. The WOTM are invited. This is the only lodge meeting of the year that the WOTM may attend when invited.

TWENTY-TWO members of the Second Degree attended the Legion of the Moose meeting in Flint Sunday. Of the 22, nine members received their second degree. Those recipients were Dick Bunker, Bert Swarthout, Burt Rayne, Richard Boyd, Bob Annis, Clarence Telling, Ray Miller, Ray Carrick and Gene Gabriel. Grayling received the bid for the next meeting, which will be July 18th. It is expected that there will be a State Officers' meeting held here the same weekend, so it will bring several hundred people to our fair city.

These people will need a place to eat and sleep. All of them will not be here overnight, however, for some people, it will be their first visit to Grayling. It will be up to the members and all the people of Grayling whether they come back again.

This weekend the Degree Team goes to Manistee for their grand opening enrollment ceremonies. Our next enrollment is April 23 at 8:00 p. m. and will be done by our own Degree Team.

Members who have Michigan Moose Association tickets should have them at the lodge no later than Friday, April 23rd.

The Moose is non-political and non-sectarian.

### W. O. T. M.

The regular meeting of the W.O.T.M. was held April 5th with 17 members and one guest present. A round table discussion was held and plans made for the annual Easter party for the children of the Moose members. Children up to 12 years old will be eligible for the party, which is to be at the Moose Lodge from 2 to 4 p. m. on Saturday, April 17th.

An appreciation dinner was planned for April 26, for W.O.T.M. and their husbands. A ham dinner with all the trimmings will be served at 6 p. m. and there will be some surprises during the dinner hour.

The next regular meeting will be April 19th. Lillian King, publicity

Miss Jeanette Henig returned to her studies at Leelanau School for Girls, Glen Arbor, Sunday following spring vacation. Miss Grateen returned to Kingswood School, Cranbrook after a three-week spring vacation at home. Gretchen's guest last weekend was a classmate at Kingswood, Miss Pamela Wacker of Birmingham.

Mrs. Mary Ann Franks of Washington, D. C. was the guest of her aunt and uncle, the Robert Strongs, for a couple of days last week. She had accompanied her grandmother, Mrs. Harvey Pontius of Alexandria, Va. here, the latter visiting friends in Houghton Lake and Traverse City.

From the reports of those attending, Grayling may well be proud of Lauri Olson's representation of the town in the Kalkaska Queen contest held Saturday. It was outstanding.

## SENIOR GOVERNMENT DAY REPORT

By Dan Feldhauser

Four high schools were represented last Thursday at the annual Senior Government Day held at the Mio-AuSable High School.

Senior classes from Mio, Roscommon, Houghton Lake and Grayling were present, along with a large number of resource people. The Resource group was composed of law enforcement officials, lawyers and a number of health officials from the tri-county area of Crawford, Roscommon and Oscoda.

The opening speech was given by Ed Robertson, a Grayling senior. A general discussion followed this. Afterwards a lunch was served in the high school cafeteria.

During the afternoon session the students and resource people were divided into small groups. Questions were asked by the students, then discussed by the panel of adults. The best questions were selected then followed a general summary during the final assembly. Many important facets of state and local government problems were discussed. It proved to be a very valuable experience to the students and adults alike.

Grayling seniors Kerry Clough, Dan Feldhauser were moderators of the Law Enforcement and Health and Welfare groups respectively, with Janet LaGrow and Kithi Funkh the recorders.

Gideon Robarge, Camp LaVie-toire Counselor, Mrs. Roberta Wright of the Crawford County Welfare Department and Mrs. Johanna Gorman, Crawford County Health Department were the local resource people.

Comments heard during the day were of how well the students handled their jobs, showing good training and poise, and what keen questions they asked.

Grayling High School Government teacher Mr. Jack Trudgeon accompanied the students.

## Bits O' Talk

Mr. and Mrs. Paul Hendrickson of Alpena and his son and wife Mr. and Mrs. Alfred Hendrickson of Pontiac were recent visitors of Mr. and Mrs. Roy Smith, and the Rev. and Mrs. C. F. Olin in Fred-eric.

Dairy Queen opens for the season on Thursday, April 15th.

Mrs. Claude Lytle accompanied her granddaughter Nancy Lytle home to Grosse Isle March 21st after Nancy spent a ski weekend here. Mrs. Lytle stayed a week with her son Claude, Jr. and family, returned home by way of O-wooso where she visited Mary Hoffman enroute, arriving here Sunday a week ago. The Lytles have enjoyed watching a pair of pileated woodpeckers near their home, one of which lighted on their window box and looked in at them recently.

Mr. and Mrs. Jack Smith and four children of Cass City spent the weekend before last visiting the Roy Smiths and Joseph Hulls.

Myron Burrows Photo

This second photo of a program to honor Father Joseph Sakowski by the students of Grayling St. Mary's School shows, at the extreme left, the television set built by the pupils for part of the program. Puppets were used to bring action to the screen, two of which can be seen on the set. The television program broadcast by the students with the aid of puppets over the set was entitled "March Calendar Review".

## Council Seeks \$64,000.00 For Forest Inventory

An appropriation of \$64,000. by the State Legislature will be requested this week by the Northern Michigan Development Council to pay for the costs of an inventory of Michigan's forest resources, Myron Riggs, Council President reported.

The fund request was decided upon at a meeting of the Council at Schlang's Bayarian Inn south of Gaylord.

The forest resource inventory was started last year by the Dept. of Conservation when the Legislature appropriated \$40,000 to pay costs of the survey in its first year. The inventory project is expected to be completed in 1966 by the Dept. of Conservation.

In its request for a state appropriation the Council reminded members of the Legislature that no current data were available on Michigan's forest resources. It summed up its appropriation request in the following question: "HOW CAN Michigan wood-using industries make expansion plans and how can prospective industrial firms be convinced to build plants in Northern Michigan if we don't know how many allowable cords of wood there are that can be cut, what type it is, the quality of what we have and in which county it is available?"

In other business at the meeting the N. M. D. Council members heard Howard Sommer, Director and three of his staff members give progress reports on the activities of the Center for Economic Expansion and Technical Assistance which is sponsored by the Northern Michigan Development Council. The Center which is now in its second year of service in a 33-county area has headquarters in an office building in Mt. Pleasant made available on the campus by Central Michigan University. In its plans to establish the Center for Economic Expansion the N.M.D. Council applied to A.R.A. for a first year grant of \$100,000, which was received and was followed by a grant of \$135,000 for the current year's operating costs.

Selahattin Ilter, director of Regional Planning for the government of Turkey, Ministry of Reconstruction, was a guest at the meeting while on a tour to a number of U.S. cities and at various meetings of economic organizations to observe the American approach to economic development.

RIGGS REPORTED at the meeting that the dedication of the million-dollar Jordan Valley Hatchery which is now in service near Man-celona and was one of the Council's projects will be dedicated on May 29. Orville Walker of Gaylord and B. D. Hilly, Traverse City, who are Council Members, are co-chairmen of the dedication program.

During the N.M.D. Council meeting members discussed with pleasure a letter received from President Lyndon B. Johnson who commended the Council for its sponsorship of the Center for Economic
